For payment options where subscription is paid in advance, the following conditions apply:

The prepaid subscription period starts, unless otherwise specified, when the vehicle is activated in Dynafleet Online.

During the prepaid subscription period no subscription charges will be invoiced to the customer.

Charges relating to services not covered by the prepaid subscription fee will be charged and invoiced to the customer according to the Dynafleet Online price list.

No refunds will be made if the customer discontinues the service or changes to a different service. The new service will be invoiced according to the price list.

When the prepaid subscription period has expired, the subscription will be invoiced according to the price list.
